In re Application of

Tim GAMBLE et al. : Confirmation No. 3179

Serial No. 10/599,712 : Group Art Unit: 3721

Filed: July 23, 2007 : Examiner: Brian D. NASH

For: ADAPTOR FOR A TOOL

## RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents P.O. Box 1450 Alexandria VA 22313-1450

Sir:

By Official Action mailed January 21, 2009, restriction to one of the following inventions and/or species of the claimed invention is required:

Invention I – claims 1-19 are drawn to an adaptor for a fastener tool having a mounting bracket for attachment thereto, classified in class 227, subclass 29.

Invention II – claims 20-23 are drawn to a process of securing an adaptor to a mounting bracket and the bracket to a substrate, classified in class 227, subclass 156.

In response, Applicants hereby elect  $\underline{Invention\ I},$  upon which  $\underline{claims\ 1\text{--}19}$  are readable.

The election is made with traverse, because Inventions II and I are <u>not</u> related as process and apparatus for its practice, as indicated in the Restriction Requirement. Instead, Inventions I and Il are related as product and process of using. The Restriction Requirement is therefore improper and should be withdrawn unless the showing required in MPEP, section 806.05(i) is satisfactorily made.

Further, the search and examination of the entire application could be made without serious burden. As discussed above, Inventions I and II are related as product and process of using. In the relevant art, references often describe both the product and the process of using such product, as will be apparent to the Examiner upon conducting a search for prior art. Therefore, both Inventions I and II can be covered in a single search. Accordingly, Applicants respectfully submit that the search and examination of the entire application could be made without serious burden on the Examiner.

In view of the above, withdrawal of the Restriction Requirement and consideration of all claims pending in the instant application are believed appropriate and therefore courteously solicited.

Early examination on the merits is respectfully requested.
